

# The Gaffa

## TRAILING ARM SUSPENSION

### Features

- Progressive load rated coil springs
- Removable stub axle unit for emergencies
- Easily wheel aligned; camber; toe in/out
- Supplied on 1200mm subframe ready to go
- Incorporates rubber 'bump stop' rated to 600kg
- Features heavy duty shock absorber
- Trailing Arm eliminates transfer of axle shock
- Special long life Kevlar/Graphite dry 3/4" bushes
- Special rated axle strap
- Trailing Arm allows for good track clearance

**Martin's Trailer Parts** have been manufacturing quality parts for the trailer industry for over 25 years and are now proud to introduce their Gaffa Suspension for use on and off road.

The suspension features a progressive load coil spring designed to give greater support to the load as the load increases. Developed with input from the trailer industry, the Gaffa Suspension provides a rugged alternative to a beam axle with leaf springs.

*Owned and operated by Martin Family since 1972*
